

INLAND EMPIRE CHAPTER  
AMERICAN SOCIETY OF HEATING, REFRIGERATION,  
AND AIR CONDITIONING ENGINEERS

# THE ASHRAE ACTUATOR

## President's Message

With half of the 2005-2006 ASHRAE year already past, it is time to have some fun events. In the coming months we have two field trips, the SFCC student projects presentations and the CRC in Victoria BC.

This month's meeting is a field trip to EWU to tour their new Engineering and Computer Sciences building. This will be a good opportunity to see an interesting building that many of our members were involved in creating. It will also be an opportunity to learn more about the engineering programs at EWU and to meet with students and faculty.

Applications are now available on our web site for our annual student scholarships. Each year the Inland Empire Chapters sponsors two scholarships of \$1000. One scholarship goes to a high school senior that will attend an engineering college next year and one goes to a college student that is currently in an engineering program. You probably know a student that could use the help, so please help get the word out about these scholarships.

David Reames, P.E.  
Inland Empire Chapter President

## INLAND EMPIRE ASHRAE OCTOBER MEETING

**Place:** EWU School of Engineering  
Building 319G  
Cheney, WA 99004-2493

**When:** Wednesday, February, 15th  
6:30-9:00

**Cost:** \$10.00 (Cash or Check)

**Topic:** "EWU Engineering"

**Speakers:**

**Lunch:** Subway Sandwiches and Drinks

Please confirm your attendance by going to [www.ie-ashrae.org](http://www.ie-ashrae.org) or by contacting Matt Landoe at [mattl@atsinlandnw.com](mailto:mattl@atsinlandnw.com) by Wednesday, February 15th

## THIS MONTH'S SPEAKER: Don Richter *"E.W.U. Engineering Sciences Building"*

This month's meeting will take a look at the brand new Engineering Building out at Eastern Washington University. The meeting will begin with a social time that starts around 6:30 and will last for a half hour, Subway sandwiches and drinks will be provided. After going over chapter business, Don Richter will be presenting information regarding Eastern Washington Universities' School of Engineering. He will cover the type of graduates that are being produced from the

school, typical course curriculum, and a time for the local engineering community to ask questions. This will be followed by Brad Snow talking about the challenges faced in designing the engineering building, especially relating to engineering instruction requirements.

## Announcements

1. The Inland Empire Chapter of ASHRAE would like to congratulate Joe Fazzari on his promotion with Colmac Coil Manufacturing to the position of Sales and Marketing Manager.

He will oversee the Colmac Sales Engineering and Marketing departments, as well as the corporate network of manufacturer's representatives.

Fazzari joined Colmac Coil as a Sales Engineer in 2002, specializing in industrial refrigeration and heat transfer coil applications. Prior to joining Clomac he worked as a Project Engineer at Weyerhaeuser and Potlatch.

Fazzari is a graduate of Washington State University with a Bachelor of Science Degree in Mechanical Engineering and a registered Professional Engineer (P.E.) in the state of Washington.

2. The week of February 19th - 25th is National Engineer's Week. This week ushers many different events celebrating the engineering field. There will be a model bridge building/testing on February 23rd - 25th at Gonzaga's own Herak School of Engineering. In addition, on Saturday the 25th, the annual Engineer's Week Banquet will be held at Center Stage Banquet facility, located on the south side of First Avenue behind the Fox Theater. The guest speaker will be Steve Shrope P.E., of David Evans and Associates will speak on the historic Monroe Street Bridge rehabilitation. The buffer dinner includes house made breads, cheeses, veggies, fruits, delicious penne pasta with grilled chicken or tender, juicy roast beef, salad, roasted potatoes and dessert. The banquet starts at 6:00 with a social hour followed by dinner, scholarship presentations, and the guest speaker which will last till

about 9:30. The cost is \$26 a person (\$30 at the door) or \$18 for students (\$22 at the door). If interested please contact.
